

Dear Parents and Carers,

Welcome to Year 4! Below is useful information regarding routines and expectations for this year. I am looking forward to teaching the exciting topics I have planned for the year ahead.

Reading and Homework

All pupils should be reading at home four times a week and change their books at least once a week. Books can be brought in to be changed on a Friday but may take longer to complete books that are lengthier.

Spellings

Rainbow spellings are high frequency words that children should know by the end of Year 4. The children will be tested on a **Monday**. Children will need to get the highlighted words in each sentence spelt correctly before moving up to the next set of words.

Stationery

Children will be given their own pencil case to use in all subjects and all other equipment has been provided for each child.

PE and Forest School

Please send your child in wearing their PE kit on **Wednesday and Fridays**. Forest School will be taking place regardless of the weather so please send them in wearing their forest school kit on their day

If you have any information to pass on, please contact me via Seesaw for any urgent messages, please call the office or leave a message at the gate.

Kind regards

Mr Barnes
